Organized in 2020 and established legal status as a nonprofit 501(c)(3) in February 2022. AAOR: Against All Odds Rise serves the need of a reformed relationship between police officers and the community by providing education and a safe place in bringing awareness regarding social and operating realities to the community and law enforcement. There is a growing interest within local school districts and communities to have AAOR organize events for students and parents.

VISION & MISSION

Vision

A world where law enforcement and community work together in unity.

Mission

Our mission at AAOR Against All Odds Rise is to bring unity by bridging the gap between the community and police officers by creating space for education and progressive dialogue between the community and law enforcement. Working together to build a trust that leads to a true and lasting change.

LET'S CONNECT WITH US

Against All Odds Rise

This restorative, reformed relationships approach is needed everywhere. The relationship between the community and law enforcement is fragile in a variety of communities. Therefore, this program does not have geographic boundaries within the United States.
